## EARTH IN PATH OF COMET.

Will Pass Through Gases of the Tail on May 18 Next.

"Halley's comet will not only pass across the face of the sun on May 18, but the earth will pass through the tail of the comet," said Director Edward Charles Pickering of the Harvard university observatory the other day. "The tail of the comet is made up of gases—acetylene, carbonic and several others. The gas will be rarefied, so that we shall not perceive it. In case these gases were apparent to the people the result would be very disagreeable."

"In 1800, when another comet was passing, there was a great display of shooting stars. We may have such a manifestation when Halley's comet passes us."

"The comet called Halley's comes near the sun every seventy-five years or so. Scientists knew that the comet was due next spring. The matter, then, was precisely as if we knew where a railroad was, but didn't know where the train was on the track. So the several astronomers began to watch for the comet and to figure what time it would arrive at the sun station, so to speak. The Rev. Father G. H. Searle calculates that the comet will cross the sun's face May 18, and, as he is a careful observer, his calculations are probably correct."

## CHAPEL IN EVERY HOUSE.

Philadelphian's Novel Suggestion For the Private Worship of God.

The novel suggestion that a chapel be set apart for the worship of God in every home in America has been made by a Philadelphian and has met with the hearty and even enthusiastic approval of many of the most distinguished churchmen and heads of educational institutions in the United States, Canada and England.

The suggestion is made by Joseph R. Wilson, a member of the Philadelphia bar, who resides at Overbrook.

Mr. Wilson had a chapel 6 by 5 feet in his former home at 4880 Cedar avenue, where his children said their morning and evening prayers and where he says he himself gathered inspiration for his daily work. In his present home at Overbrook he has a temporary chapel, but intends building an extension for a permanent one.

## PEARY INSURED FOR \$50,000.

Magazine Proprietors Who Bought Explorer's Story Took Out Policy.

To protect their interests the proprietors of Hampton's Magazine, who have contracted to pay Commander Robert E. Peary \$50,000 for the serial rights to his story of his journey to the north pole and the accompanying pictures, have taken out a policy of insurance on the commander's life for \$50,000. Commander Peary passed the doctors' test.

The policy will decrease in value \$5,000 a month for ten months, when it will expire, making the fixed value of the Peary articles as they appear \$5,000 each.

## Self Government Club.

The students at Bryn Mawr, N. Y., have formed a self government club the object of which is to abolish all teasing of young girls just entering college. The club is made up from the upper classes and has the approval of President Thomas.

## MUSKRAT AS A "DELICACY."

Scheme to Protect the "Varmint" For Table Use.

If the petition that is being circulated along Chester pike near Sharon Hill, Pa., is acted upon favorably by the legislature, to which body it will be presented by Frank S. Morris when a sufficient number of names are affixed, there will be a "closed" season for shooting and trapping muskrats, which at present are not protected by law.

In the petition it is requested that the open season be from Nov. 1 to March 15, inclusive. At present the flesh of the muskrat is considered a "delicacy," comparable to possum, which, together with the craze for coat linings of muskrat skin, it is said, will mean that the rodent will be exterminated unless some means are taken to protect it.

## New Twelve Cent Stamp.

Postmaster General Hitchcock has approved the issuance of a twelve cent postage stamp. With the increase of the registry fee to 10 cents such a stamp is needed to cover the registration charge and a single rate of letter postage. The new stamp will bear a profile portrait of George Washington from Houdon's bust. The background and border design are identical with those on the other stamps of the new series. The color has not been definitely decided. This stamp will take the place of the thirteen cent one now in use.

## NOTICE.

Notice is hereby given that the board of county commissioners of Lincoln county, Nevada, will at its meeting to be held Monday, January 3, 1910, receive sealed bids for the county advertising and job printing for the year 1910. Bids for the advertising and job printing to be submitted separately. Advertising to be bid upon at so much per legal square, as defined by the statute.

In the bids for the job printing a statement of the quality of stock to be used in the different work is requested.

The board reserves the right to reject any and all bids submitted. By order of the board.

WM. E. ORR,  
Clerk.

## APPLICATION FOR PATENT. SERIAL NO. 04537.

Carson City Land office, Carson City, Nevada, November 28, 1909.

Notice is hereby given that Mark Churchill, postoffice address, Pioche, Nevada, has made application for patent to the Silver Star Consolidated Claim, Survey No. 3747, consisting of the Silver Star and April lodes, in unsurveyed T. 1 S., R. 66 E., M. D. B. and M. In Comet Mining district, Lincoln County, Nevada, described as follows: Beginning at Cor. No. 1, April lode, whence the S. W. W. Cor. Sec. 32, T. 1 N. R. 66 E., M. D. B. and M. bears N. 29 deg. 48 min. W. 995.3 ft.; thence N. 73 deg. 49 min. E. 1500 ft. to Cor. No. 2 April lode, same being Cor. No. 1, Silver Star lode; thence N. 73 deg. 49 min. E. 1500 ft. to Cor. No. 2, Silver Star lode; thence S. 21 deg. 37 min. E. 600 ft. to Cor. No. 3, Silver Star lode; thence S. 73 deg. 49 min. W. 1500 ft. to Cor. No. 4, Silver Star lode, being also, Cor. No. 3, April lode; thence S. 73 deg. 49 min. W. 1500 ft. to Cor. No. 4, April lode, thence N. 21 deg. 37 min. W. 600 ft. to Cor. No. 1, April lode, the beginning. There are no adjoining or conflicting claims as shown by the plat of survey. Of record in books "Z," page 377 and "C1," page 385, of mining notices in Lincoln County, Nevada.

LOUIS J. COHN,  
Register.

## CULLED FROM STATE EXCHANGES.

The Record is informed that the Ely-Goldfield road will be christened "The Ely Route," which it will use on all literature and advertising throughout the east. This is another feather in Ely's cap, and will give it a tremendous lot of advertising. The management of the road is of the opinion that the fame of Ely, which is world-wide, will be of advantage in attracting attention and business to its line. It will be but a short time until tickets will be on sale from all eastern points to southern California via "The Ely Route," which will attract travel over the line with start-off privileges at Ely.—Ely Record.

News from Cherry Creek district is of the most encouraging nature. The Star mill is pounding away steadily, with most satisfactory returns. Much assessment work is being done throughout the district, and the probabilities are that several of the older companies will resume operations in the spring. The success of the Star mill is most encouraging to other companies, and demonstrates what can be accomplished by modern methods of milling. There is more being accomplished at Cherry Creek at the present time than in any other camp in the county outside of the Ely district.—Ely Record.

S. F. Hunt, W. S. Larsh and Ed. Opdyke have purchased the interest of their partner, Walter A. Perkins in several groups of mining claims at Hamilton which they have been developing for the past year. These gentlemen have been operating under a partnership agreement the firm name of which in the future will be Hunt, Larsh & Opdyke. The work development will be continued throughout the winter, when the roads clear in the spring they will commence shipping ore via Ely to Salt Lake smelters.—Ely Record.

With the increasing production of lead ores in this and surrounding districts, the demand for a lead stack becomes constantly more imperative. It is probable that the Steptoe people will arrange for such a plan during the coming year. It is stated unofficially that the company will put in the stack if the producers of the county will guarantee 300 tons of ore per day to keep it going.—Ely Record.

## APPLICATION FOR PATENT.

Serial No. 04527.

UNITED STATES LAND OFFICE.  
CARSON CITY, Nevada, October 1, 1909.

Notice is hereby given that Jennie M. Miller, whose residence and post office address is Brookline, Massachusetts, by Milton M. Lee, her attorney in fact, whose residence and postoffice address is Pioche, Nevada, has made application for a United States patent for the General Grant Lode Mining Claim Consolidated, situate in Ely Mining District, Lincoln county, Nevada, consisting of 1500 linear feet of the General Grant lode location and 1500 linear feet of the General Grant No. 1 lode location with surface ground with each not exceeding 600 feet in width, as shown upon the official plat, being U. S. M. S. No. 3701, described in the field notes and plat of the official survey on file in this office with magnetic variation at 16 degrees, 20 minutes east, as follows to-wit:—

Commencing at post No. 1, a corner of the General Grant lode, from which the section corner to sections 20, 21, 28 and 29, T. 1 N., R. 67 E., Mt. Diablo Base and Meridian bears north 67 degrees, 35 minutes, 47 seconds east 618.2 feet distant; thence north 84 degrees, 52 minutes east 1,000 feet to corner No. 1 of said General Grant No. 1 lode from which the aforesaid section corner bears north 71 degrees west 448.9 feet distant; thence south 5 degrees, 8 minutes east 600 feet to corner No. 2 of said lode; thence south 84 degrees 52 minutes west 1500 feet to corner No. 3 of said lode; thence north 5 degrees, 8 minutes west 600 feet to corner No. 4 of said lode; thence south 84 degrees, 52 minutes west 500 feet to corner No. 2 of said General Grant lode; thence north 58 degrees, 16 minutes west 1500 feet to corner No. 3 of said lode; thence north 84 degrees 52 minutes east 1000 feet to corner No. 4 of said lode; thence south 58 degrees, 16 minutes east 1500 feet to said corner No. 1, the place of beginning; containing a total area of 41,321 acres, expressly excepting and excluding therefrom however, 1,727 acres, are in conflict between said General Grant No. 1 lode and the Swansea No. 7 lode, unsurveyed, the total area claimed and applied for being 39,594 acres.

These claims are situated in sections 20, 29 and 28, T. 1 N., R. 67 E., Mt. Diablo Base and Meridian. Each of said lode locations embraced within said mining claim consolidated being of record in the office of the recorder of said mining district at Pioche, in Lincoln county, Nevada.

The nearest known locations are the Legal Tender and Tribune, survey No. 3567, Red Rock No. 2, survey No. 3661 and Swansea No. 7 lode unsurveyed.

I direct that this notice be published in the Pioche Record at Pioche, Nevada, the newspaper published nearest said mining claim, for a period of sixty days.
